Personal transformations happen in a variety of ways. But none have quite the same impact on our self-esteem as the makeover. "Part of feeling your best is looking your best," says Karian Forsyth, founder and image consultant at San Diego's leading matchmaking service, The Ideal Match. It's not just about attracting the opposite sex. Developing a unique style with Karian's focused style tips mixed with modern etiquette empowers clients to find their style by maximizing their personal assets. Check out some of her Karian's favorite transformations.

WARDROBE
Great style is all about expressing yourself. Clothing says a lot about a person before they even speak.

CONFIDENCE
How you look is the inner voice to how you feel. What does your appearance say about you?

BEAUTY
Expert makeup advice can make all the difference when picking out products that will best enhance your natural beauty.

SEX APPEAL
Feeling sexy has everything to do with how you feel about yourself. Don't be afraid to stand out in a crowd and show the world who you are.
