This summer's runway features romantic florals, including unmistakable Hawaiian-inspired prints, appearing in everything from sundresses to home decor. And now, getting inspired by the beauty of these tropical paradises is easier than ever, as island seekers discover the fastest way to paradise is also the best way to fly.

Hawaiian Airlines, Hawaii's largest and longest-serving airline, currently offers daily nonstop flights between San Diego and Honolulu. And with more than 170 daily flights between the nine islands, it's now the most convenient way to experience more while on vacation. Whether discovering hidden waterfalls in Kauai or

shopping at five-star boutiques in Waikiki, this tropical destination has something to offer everyone.

"Ultimately, what makes Hawaii special and different from other beach destinations is our rich culture, history and the spirit of aloha, all of which are experienced by our guests the moment they come into our care," said Avi Mannis, vice president of marketing. "The unparalleled diversity of our islands, from city to farm, from beach to rainforest to snow-capped mountain—means there is an amazing range of experiences available to visitors."

Aside from its natural grandeur, Hawaii offers an abundance of opportunities to recharge both the mind and body. Hawaiian

Airlines recently introduced several improvements that let the passengers dive into the island experience, allowing them to relax, unwind and recharge before ever leaving the runway.

Authentic Hawaiian hospitality means warm, friendly service and the welcoming traditions of the islands. From the moment passengers step aboard Hawaiian Airlines' new twin-aisle, wide body Airbus A330 aircraft, every detail speaks to the best of the island experience, including complimentary meals for all guests that highlight locally sourced fare, specifically designed by famed Hawaiian Chef Chai Chaowasaree. Enjoy a complimentary glass of wine with dinner in the main cabin or personal inflight entertainment conveniently located in every seat back. "It is the kind of hospitality you expect from Hawaii," Mannis said.

Consistently ranked the number one U.S. airline serving Hawaii, Hawaiian Airlines lets passengers relax and unwind knowing their travel accommodations boast consistent flight times and responsible baggage service. It's just one more reason to catch the aloha spirit, get inspired and discover what the islands have in store for you today. ■
